

Functions

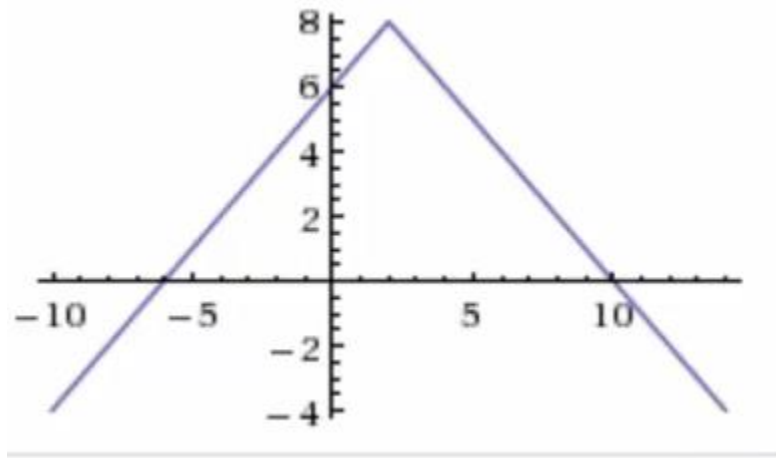

- Every _____ has exactly ___ output(s)
- The _____ is referred to as the Domain and is made of _____-values, also known as the _____
- The _____ is referred to as the Range and is made of _____-values, also known as the _____

Function Notation

$$f(\underline{\quad}) = \underline{\quad}$$

$$f: \underline{\quad} = \underline{\quad}$$

_____ Line test

Please approximate $f(x)$

- $f(1) =$

Please approximate $f(x)$

- $f(1) =$

Which of these graphs are functions?
